My son and I traveled from Florida to do a little northern fishing and Nate knows his stuff. Both my son and I caught our first muskies, Smallmouth bass, northern pike and walleye. If you're thinking about fishing in Minnesota look this guy up, you won't be sorry. Thanks Nate for the great trips!

Nate knows the lakes and baits, all that's left is the fish which he makes getting them easy!

We had an absolute best time! Caught a TON of fish and had a good time doing it. Thank you Nate for putting us on fish, coaching & teaching us a few things, and for the great time!

Nate works his tail off to make sure you get on fish. I would highly recommend him.

I have known Nate for years and experienced so many fishing trips together that words cannot express the enjoyment! Nate Berg should be named "Mr. Fish", his knowledge and passion for the outdoors is unmatched!
